Subject: Heads Up!

Fellow Delegates:

The last couple days I have received countless phone calls and emails on the happenings in our party and the confusing emails being sent to them by various individuals and organizations. I do agree. It is confusing to anyone that does not know the background on events that have been going on within our county. Let me take a moment to shed some light and clarify what is going on. The training sessions that are offered by local social clubs or Political Action Committees are simply designed to get you into their meeting, possibly hit you up for membership, and present themselves as the real deal.

Please do not be confused by those local social clubs, Political Action Committees, or other organizations using the Republican brand to further their own agenda. Please remember there is only one original **Macomb County Republican Party** which functions under the Michigan Republican Party umbrella. A lot of individuals and organizations would like to imitate and use the Republican name to make it look like they are representatives of the real Republican Party, they are not. Some of them do not tell you the full name of their committees. A Political Action Committee is not the Republican Party. The question is: what are they hiding? You as a Republican Precinct Delegate candidate must know the difference. Do not fall for their deception and misrepresentation of facts. Learn the difference. Meetings at bars and pubs should raise a red flag of warning. Why not the Republican Headquarters? This is where the Republican home is! This is where every candidate can drop off signs, distribute literature, and get information they need. This is where you as a Republican candidate need to be together with the party activists, volunteers, precinct delegates, and donors. The question comes to mind: why such a willingness to train you when someone else recruited you and signed you up as a delegate? Who will do the training? The answer is obvious – deception! They came up short in their Precinct Delegate recruitment efforts so why not continue to divide the party. Shame on them!

For details on Macomb County Republican Party sponsored events, please see the attached flyer. For any additional information, please communicate with me via email at stanleytgrot@gmail.com.

Sincerely,

Stanley T. Grot
Precinct Delegate Coordinator
10th Congressional District Chairman
